To whom it may concern:

I highly recommend Lisa Davidson as a personal & executive assistant. I have known her for a few decades. She has always been to me a model, mentor & icon archetype of courageous, tenacious, problem solving (both in common sense & out of the box ways of thinking) , in all aspects of life. This spans from fixing up, maintaining, re-purposing & managing real estate, managing households, moving, entrepreneurship, & to personal life matters. She has contagious enthusiasm, charm, grace, & exquisite social manners. Her companionship is a delight. Lisa's excellent energy & approach is the embodiment of making a problem into a creative opportunity.

Feel free to phone me,
Marilyn Crenshaw
